Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Three Great Compromises of the Constitution: A Thesis While this change was taking place, that great body of unwritten law and customary usage, known as the English constitution, was evolved. And while the nation was growing and developing from barbarism into civilization, its constitution was gradually adapting itself to the needs of the people. Such has been the development of the English constitution, the basis and inspiration of our own. But, although it was the model after which the constitution of our own country was fashioned, an unwritten constitution could not answer the needs of a nation whose origin and growth have been so unlike that of the English. When the various English colonies were planted in America, they were established under charters which guaranteed to their inhabitants all the rights of Englishmen: and the laws of the mother country prevailed, except so far as local circumstances might demand some modification. While the governments of all these colonies were integral and complete in themselves, the emergencies of the times, the dangers of their situation, and the oppressive laws of home government, soon impressed on the minds of the leading men of the colonies the need of a more perfect union and the necessity of the united action which results from a general government. The laws forming the basis of such a union could not, from the circumstances of the case, result from usage, nor could they be statutory, since there was no common legislature in which to enact them. Hence, the constitution defining the form of the government and limiting its powers must be the work of a convention authorized by the colonies to...
