

## Philip's Star Chart

By -

Octopus Publishing Group. Paperback. Book Condition: new. BRAND NEW, Philip's Star Chart, Philip's Star Chart shows the stars and constellations of the night sky in three superb maps: the northern and southern hemispheres, and the equatorial region. All stars visible with the naked eye are shown, with the brightest stars shown in their true colours. Fainter star clusters and nebulae are marked for observers using binoculars or small telescopes. Constellations, double stars and variable stars are also listed, and an informative accompanying text explains how to use the charts throughout the year, at any latitude. In a convenient folded format, Philip's Star Chart is suitable for use in both northern and southern latitudes.
