

The Dragonfly Sees: Poetic Visions of Nature

By Susan Winters Smith

Createspace, United States, 2011. Paperback. Book Condition: New. Brandy Sue Bushey (illustrator). 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a book of poems of nature and life as seen through the eyes of the author, with her interpretation of the beautiful natural world created by God. Her sign is the dragonfly, a mystical insect that has been on earth for millions of years and has more eye facets than any other living creature. The dragonfly is revered by the Abenaki, New England's native Americans as a sign of magic and rebirth. The author writes of the swamps and bogs, lakes and ponds, brooks and rivers she has loved in New England, and the wonderful animals she has encountered there, and in her own back yard. She writes of turtles, snakes, hummingbirds and turkeys. She sings of cows and deer and butterflies. She is inspired by the flowers in her garden; pansies, lupine, foxgloves, and even the weeds like lady's thumb. She finds joy in all of the New England seasons and the hills and rocks and forests. Nature has a million tales to tell, and herein are offered a...

Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

-- Mr. Grant Stanton PhD

A whole new eBook with an all new standpoint. It is actually rally fascinating throgh reading through time period. You wont truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).

-- Claire Bartell
