THE LAWS OF PLATO 2 VOLUME SET: VOLUME 0, PART 0.

DOWNLOAD

Book Condition: New. Cambridge University Press, 2013. 1336p. 2 Paperback books. Series: Cambridge Library Collection - Classics. One of the most widely studied texts of ancient philosophy and politics, Plato's Laws is his last and most substantial dialogue, debating crucial questions on the subject of law-giving and education. This two-volume edition of 1921 was prepared by the classicist Edwin Bourdieu England (1847?1936), who describes the dialogue as 'the treasury of pregnant truths which Plato in extreme old age left ? as his last legacy to humanity'. Generally held to have been written after Plato's failed attempt to influence Syracusan politics, it concerns the just city and its constitution, including discussions of divine revelation, the role of intelligence in the creation of laws, and natural law itself. This edition comprises a short introduction, England's helpful analyses, the Greek text of the dialogue, and extensive notes. Volume 1 contains Books 1?6. Volume 2 contains Books 7?12. It also includes indexes of subjects and Greek words. (Publisher's information). Condition: New Print on Demand. Printed on Demand.
