

## Poor Man Hydrogen Generator on Demand: Smcs Hho Stephens Multi Cell Systems Hydrogen Generator on Demand

By Stephen A Michael

AuthorHouse. Paperback. Book Condition: New. Paperback. 68 pages. Dimensions: 10.8in. x 8.1in. x 0.2in. I am Stephen A Michael . And if I Suggest to you that you could make a cell arrangement, to utilize all you have learned and research from all these great people and more out their trying , to achieve in what the HHO industry calls a Booster or if you are me calling it what it is a Generator that produces gas or maybe My design tis a Generator . Because it really is much more, being a pump design using chemical induced therm o electromagnetic technology In the Generator, using voltage, chemicals or no chemicals depending on voltage and working with or with out a PWM systems as well a design that really is Engineered and Designed with complexity and yet simplicity and And still keeping the budget in mind for most people that are handy at building and assembling pieces together. Achieving a pump design that really is a hybrid wet cell and yet a dry cell design, An yet having a little of Stan Myers and Peter Stephens designing in them as well. And yet the design configurations can be arranged into 1...
