Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

THE LANGUAGE READERS: FOURTH READER (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Language Readers: Fourth Reader The lessons in this fifth book of the Language Readers have been written or selected to meet the requirements of fourth-year pupils. At this period of school life it is possible to lay the foundations of a literary sense if the reading lessons exhibit interesting diversity of content, and the language is adapted to the understanding of the child. In this reader frequent use has been made of the legends and folk stories of different nations, because the human interest in such stories appeals strongly to the child's mind. Fairy stories from Hans Christian Andersen and other sources have also been included, for this is the age when the child's enjoyment of the fairy tale has reached its zenith. Much has been accomplished in the education of the young when a desire to read has been aroused But the reading must be select in content as well as literary in form; hence stories of patriotism and lessons with a direct ethical purpose have been included in this book. Such reading tends directly to the development of character, and the ethical purpose in the lesson is best taught through the interest in the story. The value of the earliest work in literature is measured by the interest aroused and the profit the child obtains from his reading. This marks the beginning of a literary taste. Its development is a matter of slow growth. It cannot be forced. It must follow the same general principle - from the simple to the more difficult - that underlies the teaching of other subjects. About the Publisher Forgotten Books publishes hundreds of thousands of...
