Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Hardwood Manufacturers Institute Provision for and standardization of ways and means for guarantees to the customers and the public; that is, for the adoption of appropriate means, such as grade marking the lumber, car cards showing quantity and quality of the lumber, etc., in order to assure the movement of the lumber from the mill to the consumer, without manipulation or change; And a national instrumentality to provide, supervise, and administer the necessary inspection service. Conclusions and Recommendations by the Conference. The Standardization Conference enthusiastically approved the program suggested to it and in response to the suggestions made took the following action: 1. Recommended that the National Lumber Manufacturers Association set up a competent committee with efficient engineering service, which should seek so far as possible to equalize grades in all woods, the said committee in performing its work to confer with and secure the advice of representatives of the consuming public, the Department of Commerce and other Departments of the Government. 2. Resolved that grade rules should be based on the needs of consumption and the ability of the producers with the timber available to satisfy those needs; that grades should be so made as to allocate the available supply to the various consuming industries in proportion to their needs and demands so that the products of the manufacturer may be utilized with the least waste and therefore at the lowest cost to the ultimate consumers. 3. Determined to recommend and work for the following program to the end that our industry, as a whole, may undertake to provide such inspection service and supervision for the manufacturers in all associations, and those they...
