CreateSpace Independent Publishing Platform, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: If you're looking at this description on this commerce website, I can only assume that you're seeking a quick summary of what this book is about. People are like that, always asking questions like: What's this thing about? Where are we going? What's on your shirt? Why are you ignoring me? Why won't you take your headphones off? What is that machine over there? Are those headphones protecting you from it? Why can't I feel my legs? There's also the Today in Geek History calendar, which presents an untrue fact about the history of geekdom for each day of the calendar year (plus one or two days I made up, plus 12 more so that I could do a Sup Dawg joke and have a calendar in a calendar because I apparently hate myself, at least when it comes to giving myself more stuff to write). Oh, and there's a Fun Activities section,...
